SECURITY INFORMATION

At Doctors Hospital, the safety of our patients, Associates and visitors is paramount. For your safety, our security personnel are on duty 24 hours a day and patrol the hospital as well as the parking lots. Furthermore, to ensure your safety at all times, our security staff will escort you or your visitors to the parking lot upon request.

All side entrances to the hospital are locked after hours. Between 9:00pm and 6:00am, please use the main entrance of the hospital on Collins Avenue.

VISITING HOURS

Doctors Hospital realizes that friends and family play an important role in the recovery process. However, to ensure that our patients get the rest they need, our posted visiting hours are from 9:00am to 9:00pm daily.

In most areas, only two visitors are allowed at a time. In adult critical care units, visitation is limited to immediate family and significant others, and visitation time periods may vary.
