GIVING FROM THE HEART

The purpose of the Doctors Hospital Dr. Meyer Rassin Foundation is to positively affect our community. Contributions to The Foundation will help make available the very best in healthcare for you, your family, friends, and neighbors.

The Foundation was created as a philanthropic mechanism through which individuals, trusts, foundations, estates, businesses and other organizations may invest in quality healthcare in The Bahamas.

There are many ways to care for the future and contribute to the well being of the community. We can show you that with a little planning, your legacy may be put to good use and provide not only for your heirs, but also for the healthcare of generations to come.

Formerly The Rassin Hospital, named after its founder Dr. Meyer Rassin, Doctors Hospital has been a good neighbor to the Bahamian community for over 50 years. With the support of people like you, we will remain a major force for many years to come.

We hope you will share the satisfaction of being part of an organization important to us all.

In Memory Of

DR. MEYER RASSIN

1909-1989

The Foundation was created in 1999 in honor of the late Dr. Meyer Rassin who serviced the healthcare needs of our community since 1942. He believed in and exemplified the importance that a patient has the right to the very best care possible without financial constraints.

*Dr. Meyer Rassin,
Orthopedic Surgeon, and his wife Rosetta, a
Registered Nurse, founded private
healthcare in The Bahamas and dedicated
their lives to the field of medicine.*

Each contribution adds value and strength to everything we do. Gifts to The Foundation support the following areas:

- Provide scholarships and financial assistance to persons pursuing education in all areas of healthcare;
- Provide financial assistance to persons in need of medical treatment who are unable to afford it;
- The purchase of medical equipment;
- Donation of medical equipment to persons who may not otherwise have access to such equipment;
- Receive donations from persons, companies, and other sources.

You may specify the use of your donation and obtain agreement for a specific purpose consistent with the objectives of The Foundation.

In order to build the endowment, 10% of the donation will stay in the Foundation to build a fund wherein the interest would be used to meet the objectives. There will be no administrative cost to operate The Foundation.

DEDICATED TO CARING

Your gift is an investment in the medical process. There are three words every patient wants to hear, and every doctor wants to say: "We can help."

When you give a gift to The Dr. Meyer Rassin Foundation, you are investing in the health of the community.

We respect the importance of our resources and mindfully use them to make a positive impact today and in the future.
